

Kartik Umraniya

SOFTWARE ENGINEER

|Mail-id-mkms28301@gmail.com | LinkedIn- [KartikUmraniya](#) | GitHub- [KartikUmraniya](#)

Objective

Enthusiastic college student with programming, web development, and problem-solving skills. Seeking an internship to leverage my passion for technology and quick learning. Dedicated to gaining hands-on experience and becoming a valuable team member. Eager to contribute innovative ideas while continuously expanding my technical expertise in a collaborative environment.

Internships and Certification

Internship - Artificial Intelligence (A.I.) | Acedemor

May – June, 2023

- Duration of 2 months.
- From Acedemor who was affiliated with IIT Bombay techfest.
- Learned about Python and ML from Industry Experts.

Internship – Python Programmer | CodeSoft

April – May, 2024

- Duration of 4 weeks.
- Developed new skills and hands-on- knowledge. Using libraries such as Thinter for GUI based development using python.

Certification / Certificates

2022-present

- 2nd rank holder in Research/Review paper writing at department level.
- Learning experiences at Acedemore and CodeSoft.
- Active participation in multiple hackathons, techfests, and seminars organized by GSDC and other platforms, gaining exposure to real-world problem solving and collaborative innovation.

Education

V.V.P. Engineering College - Gujarat Technological University

2022 – 2026

Bachelor of Engineering (B.E.) in Computer Engineering | CGPA – 7.85

Projects

- **Screw Anomaly Detection System (solo) | Used Tech – Python, OpenCV, TensorFlow, Flask** Developed, trained, and deployed a machine learning model to detect anomalies in screws through image processing. The system ensures quality control by identifying defective parts in real-time with high precision.|| <https://intelsem6-mgrewlzshm8iadxxljpxq.streamlit.app/>
- **Agentic Framework for Headless Software Interaction** – The goal to build an end-to-end AI-driven automation system that interacts with tools, syncs data, and generates human-level documentation was successfully achieved.
